Response to Arguments

1. The Applicants' arguments and amendments filed on June 30, 2004 have been fully considered and are persuasive.

Allowable Subject Matter

2. *Claims 1-22 are allowed. The claims indicated include limitations that the prior arts of record do not appear to teach or render obvious, hence they are allowed.*
3. The following is an examiner's statement of reasons for allowance:

As presented in the previous office action, Ulrich reference (US006052735A) discloses *an environment of synchronizing and exchanging personal information managers (PIMs) between a mobile device (i.e. personal digital assistant (PDA)) and a desktop computer*, Schneider reference (US006016553A) discloses *a environment for saving or storing the old or modified version of a file to enable retrieval of the file at a later time* and Flanagan reference (US006272545B1) discloses *an environment for synchronizing the time and date between a mobile device and a desktop computer*. However, the prior arts of record fail to teach or suggest individually or in combination as stated in the independent claims for *"retrieving the time stamps of the PIMs, comparing the time stamps and the field identifiers to identify related data (e.g., name or address data) and selecting the primary and subordinate PIM data having the same field identifier using time stamps"*

Art Unit: 2145

and in combination with other limitations as set forth in the independent claims. *Claims 2-15, 17-20 and 22* are allowed due to dependent claims.

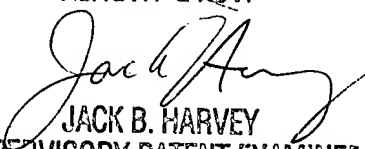

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
